CROWDFUNDING FOR SCHOOLS

## Harness the power of crowdfunding £100,000 of free fundraising for every school\*

Although we're frequently told not to judge a book by its cover, state-of-the-art facilities and equipment are almost always the initial attraction to prospective pupils, their parents, and staff when choosing a school; and with the level of competition out there, it's important that you invest in this as much as you can. Unfortunately, aspirations like new buildings and sports facilities can feel almost unachievable without investing in expensive bank loans or a lengthy donation campaign.

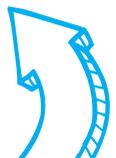

InvestMySchool is therefore helping schools across the UK to harness the power of crowdfunding – whether through peer-to-peer loans, solely through donations, or both combined - to see their development projects become a reality. What's more, we're currently offering the first £100,000 of their fundraising for free! Is this something you think your school would benefit from too?

It is 100% free to run your campaign with InvestMySchool. When you choose to accept your funds - whether loans or donations - we charge a competitive 3% marketing fee. And unlike other fundraising companies, this is all-inclusive. There are no additional bank or legal charges.

Go to [www.InvestMySchool.com](http://www.InvestMySchool.com) to register now or find out more, but if you'd like to talk through anything first, then please let me know.
